

ClearMAX is designed to clean cloudy, muddied pond water quickly, usually within 12-24 hours depending on the size of the pond.

ClearMAX will quickly restore pond water to a brilliant shine. ClearMAX has unique properties allowing suspended particles in water to attract together and fall to the bottom of the pond where they can be vacuumed out or removed by filtration. The result is an extremely fast clearing of the pond.

ClearMAX is safe for use with fish, plants, birds or domestic animals that drink from the pond

#### APPLICATION RATES

1 fl oz	Treats up to 500 gal	30 ml	Treats up to 1,892 liters
4 fl oz	Treats up to 2,000 gal	120 ml	Treats up to 7,570 liters
8 fl oz	Treats up to 4,000 gal	240 ml	Treats up to 15,140 liters

#### POND SIZE CALCULATION

POND SIZE CALCULATION: L (ft) x W (ft) x Avg. Depth (ft) x 7.5 = Gallons

POND SIZE CALCULATION: L (m) x W (m) x Avg. Depth (m) x 1,000 = Liters

#### APPLICATION RATE

When a problem arises, apply ClearMAX as prescribed up to every 3 days until pond becomes clear.

#### SHAKE WELL BEFORE USE

#### SAFETY

KEEP OUT OF THE REACH OF CHILDREN.  
STORE AT ROOM TEMPERATURE.

Do not use other chemicals while treating with this product. Failure to use as directed or changes in water conditions not consistent with label may result in loss or injury to aquatic life. PondMAX is not responsible for any loss of aquatic life.
