

## POND SIZE CALCULATION

Avg. length (feet) x Avg. width (feet) x Avg. Depth (feet) x 7.5 = number of pond gallons  
Avg. length (meters) x Avg. width (meters) x Avg. Depth (centimeters) x 1000 = number of pond liters

## DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling. For ornamental, synthetically lined pond use only, where all water is contained without any outflow. Before use, read and follow all label directions. Use only in established ponds at least 4 four weeks old. Note: Warm weather - before using, make certain that the pond has vigorous aeration, i.e., an aeration device to avoid fish loss due to low oxygen levels. When algae is controlled and removed by the filter or settles to the bottom of the pond the oxygen level may drop to harmful levels if adequate aeration is not provided. In warm weather, pond water carries much less oxygen. Therefore, when using during warm weather and high water temperatures, vigorous, 24 hour aeration is required for the duration of the treatment. Do not shut off pond pumps and aeration devices at night. To ensure accurate dosing, determine pond volume before use. Do not overdose. Add 1 fl. oz. (30 ml) for each 600 gallons (2,268 L) of pond water. Thoroughly mix into pond water by adding near the pump outflow or aeration device.

It can be mixed in a bucket of pond water and dispersed evenly around the pond. Repeat dose every three (3) days until algae is controlled. Be prepared to siphon out dead filamentous algae. Once algal/algae is under control, dose weekly. Weekly doses will control algal/algae and reduce maintenance. Do not use with freshwater crustaceans, including: shrimp, crabs and lobsters.

1 fl oz Treats up to 600 Gallons

8 fl oz Treats up to 4,800 Gallons

30 ml Treats up to 2,270 Liters

240 ml Treats up to 18,170 Liters

## STORAGE AND DISPOSAL

Store in a cool, dry place. Nonrefillable container. Do not reuse or refill this container. Offer for recycling, if available. If not, rinse thoroughly before disposing in trash.

## PRECAUTIONARY STATEMENTS

### HAZARDS TO HUMANS & DOMESTIC ANIMALS

**CAUTION:** Harmful if swallowed or absorbed through skin. Causes moderate eye irritation. Avoid contact with eyes, skin, or clothing. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum, using tobacco or using the toilet. Remove and wash contaminated clothing before reuse. **03PT10**

## FIRST AID

**IF SWALLOWED:** Call a poison control center or doctor immediately for treatment advice. Have person sip a glass of water if able to swallow. Do not induce vomiting. Persons told to by a poison control center or doctor. Do not give anything by mouth to an unconscious person.

**IF ON SKIN OR CLOTHING:** Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call a poison control center or doctor for treatment advice.

**IF INHALED:** Move person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably by mouth-to-mouth, if possible.

**IF IN EYES:** Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control center or doctor for treatment advice.

**GENERAL INFORMATION:** Have a product container or label with you when calling a poison control center or doctor or going for treatment. For non-emergency and general information on product use, etc., information pertaining to this product, call the National Pesticides Information Center (NPIC) at 1-800-858-7378, Monday-Friday, 8:00 AM-12 PM, PST, email: npic@ace.orst.edu, or web site: www.npic.orst.edu.

For medical emergencies, call the poison control center 1-800-222-1222.

PondMAX

# AlgaeSTOP™

CLEAN  
& CLEAR

FAST  
ACTION

WILL NOT  
HARM  
POND FISH

## Controls Algae Growth

- » WORKS FAST TO STOP ALGAE GROWTH
- » PROVEN TO CONTROL FORMATION OF NEW ALGAE
- » EFFECTIVELY MAINTAINS GREEN WATER IN AQUARIUMS, FOUNTAINS, FISH PONDS, WATER GARDENS & PLANT DISPLAYS

KEEP OUT OF REACH  
OF CHILDREN

## CAUTION

See back panel for  
precautionary and  
first aid statements

### ACTIVE INGREDIENTS:

Poly(oxyethylene(dimethyliminio)ethylene  
(dimethyliminio)ethylene dichloride).....9.0%
